

Wrapped Round SS Filter Cartridges

There is an obvious need of an effective reusable pre-filter in almost every filtration application where there is a need to control increasing cost of disposable type filter cartridges due to high contamination loads.

These Washable Wrapped round SS Filter Cartridge effectively removes particle ranging from 5 micron to 100 micron, and useful as pre-filter for collection of gross contaminants.

This cartridge reduces consumption of expensive disposable type filter cartridges when used as Pre-filter and also serves as stand alone filter for a wide variety of application.

Salient Features

- Washable type filter media
- Reusable/ Regenerable media
- Excellent Chemical compatibility
- Higher Flow Rates
- Available in a wide variety of micron rating and sizes

Wrapped Round SS Filter Cartridges

- Water Filtration
- Additional Pre-filtration to RO Membrane to reduce cartridge change-out cost
- Discharge water
- Process Water
- Coolants for machine tools
- Cutting oils
- Inks
- Dyes and Intermediates to reduce maintenance in RO Plants and for clean product water
- Photographic Solutions
- Sea water filtration
- DM Water filtration
- Domestic water filtration
- Bore well water filtration
- Paints

Wrapped Round SS Filter Cartridges

- Material of construction (Inner/outer cage supporting): SS316
- Material of construction (Media): SS316
- Size: 2.5" OD x 10" Length
 - 2.5" OD x 20" Length
 - 4.5" OD x 10" Length
 - 4.5" OD x 20" Length
- Seal Material: Silicon

- Maximum Operating Temperature: 70°C
- Maximum Differential Pressure (Dirty): 1.1 kg/cm²
- Micron Rating: 5
-

Wrapped Round SS Filter Cartridges

Item Code	Size	Length	Micron
WSS	ST - Standard	L1 – 10"	M1 – 5Micron
	JU - Jumbo	L2 – 20"	M2 – 40 Micron
			M3 – 60 Micron
			M4 – 100 Micron
